

## *"SET ME FREE"*

Don't look at me, 'cause I'm afraid of you  
Don't talk to me, 'cause I can't say any word  
Don't play with me, 'cause I'm done with you now  
I don't trust you, I would try to, but I really don't know how

### Chorus:

Set me free, all of me  
How I want to live, how I want to be  
Set me free, all of me, how I want to live and how I want to be

I'm sitting here and I write my song  
About the past, about the things that might went wrong  
My mind is clear now, it's not raining anymore  
Burning fire, the flame shines brighter than before

### Chorus

### Bridge

There was a time when I felt that you're the only one  
But now it's over, everything is left and done  
Now I'm convinced of a new way which leads me to the right  
I'm on my own, I'm alone  
Come on, baby, I want you to...

### Chorus & Fade out
