

“Sunrise”

It seems to be quite often that I worry
About the things that keep me thinking of a second thought.
What could I have done better and if there was something
Would it change how I think, would it make me whole?
But when I wake up the next morning,
I look up to the sky and feel the sun.
Then I know that everything's in line
A certain feeling from the sign.

Chorus:

It's the sunrise, it keeps me up
Calm in glory, that's what I'm receiving
It's the sunrise, colored bright
It's the sunrise, to be

Everyday we just feel all these problems
But they're not real
Always trying not to fall
But not forever, not at all
So come together, now or never
We'll be fine
So take the power from the sign

Chorus

No complainings
Throw them away
It's not raining
Sun shines today
Coming closer to the side
Where those thoughts are left behind
So come together, now or never
We'll be fine
So take the power from the sign

Chorus

Bridge:

I know, I know
It's not always easy
No believing,
More retreating!
